

## Pneumatic Chair with Dual Tool Trays

Minimum Height: 17-1/8"

Maximum Height: 21-3/8"

Weight Capacity: 300 lbs.

Contents: 1 Seat, 1 Cylinder, 1 Base tool tray with four foldable top trays

### CAUTION

- Do not exceed rated capacity of 300 lbs. (includes seated person and stored items).
- Examine before using. If casters, cylinder or seat appear damaged, discontinue use.
- Use on smooth, level, seamless surfaces only.
- Sit down gently. Avoid shock loads caused by jumping or falling onto seat.
- Various components on this chair may present a pinch hazard. Use caution when opening and closing drawers/trays.
- Do not stand on seat.
- Avoid sitting on edge of seat.

### **Assembly Instructions:**

1. Insert Cylinder into center hole of Base Assembly.
2. Place Seat on top of assembled Base/Cylinder.
